

WATER HERMANT

from
"In the Bag Kids' Crafts"

ELEPHANT

MATERIALS LIST

- Gray construction paper
- Scissors
- Glue stick
- Markers
- Googly eyes (optional)
- Elephant craft template

Step 1: Use the Craft Template

- Print the elephant craft template
- Use it to cut all of the parts out of gray construction paper

Step 2: Start to Put It Together

- Use your glue stick to attach the head, ears and trunk to the front of your elephant.
- Then attach the tail to the back of the elephant.

Step 3: Add Details

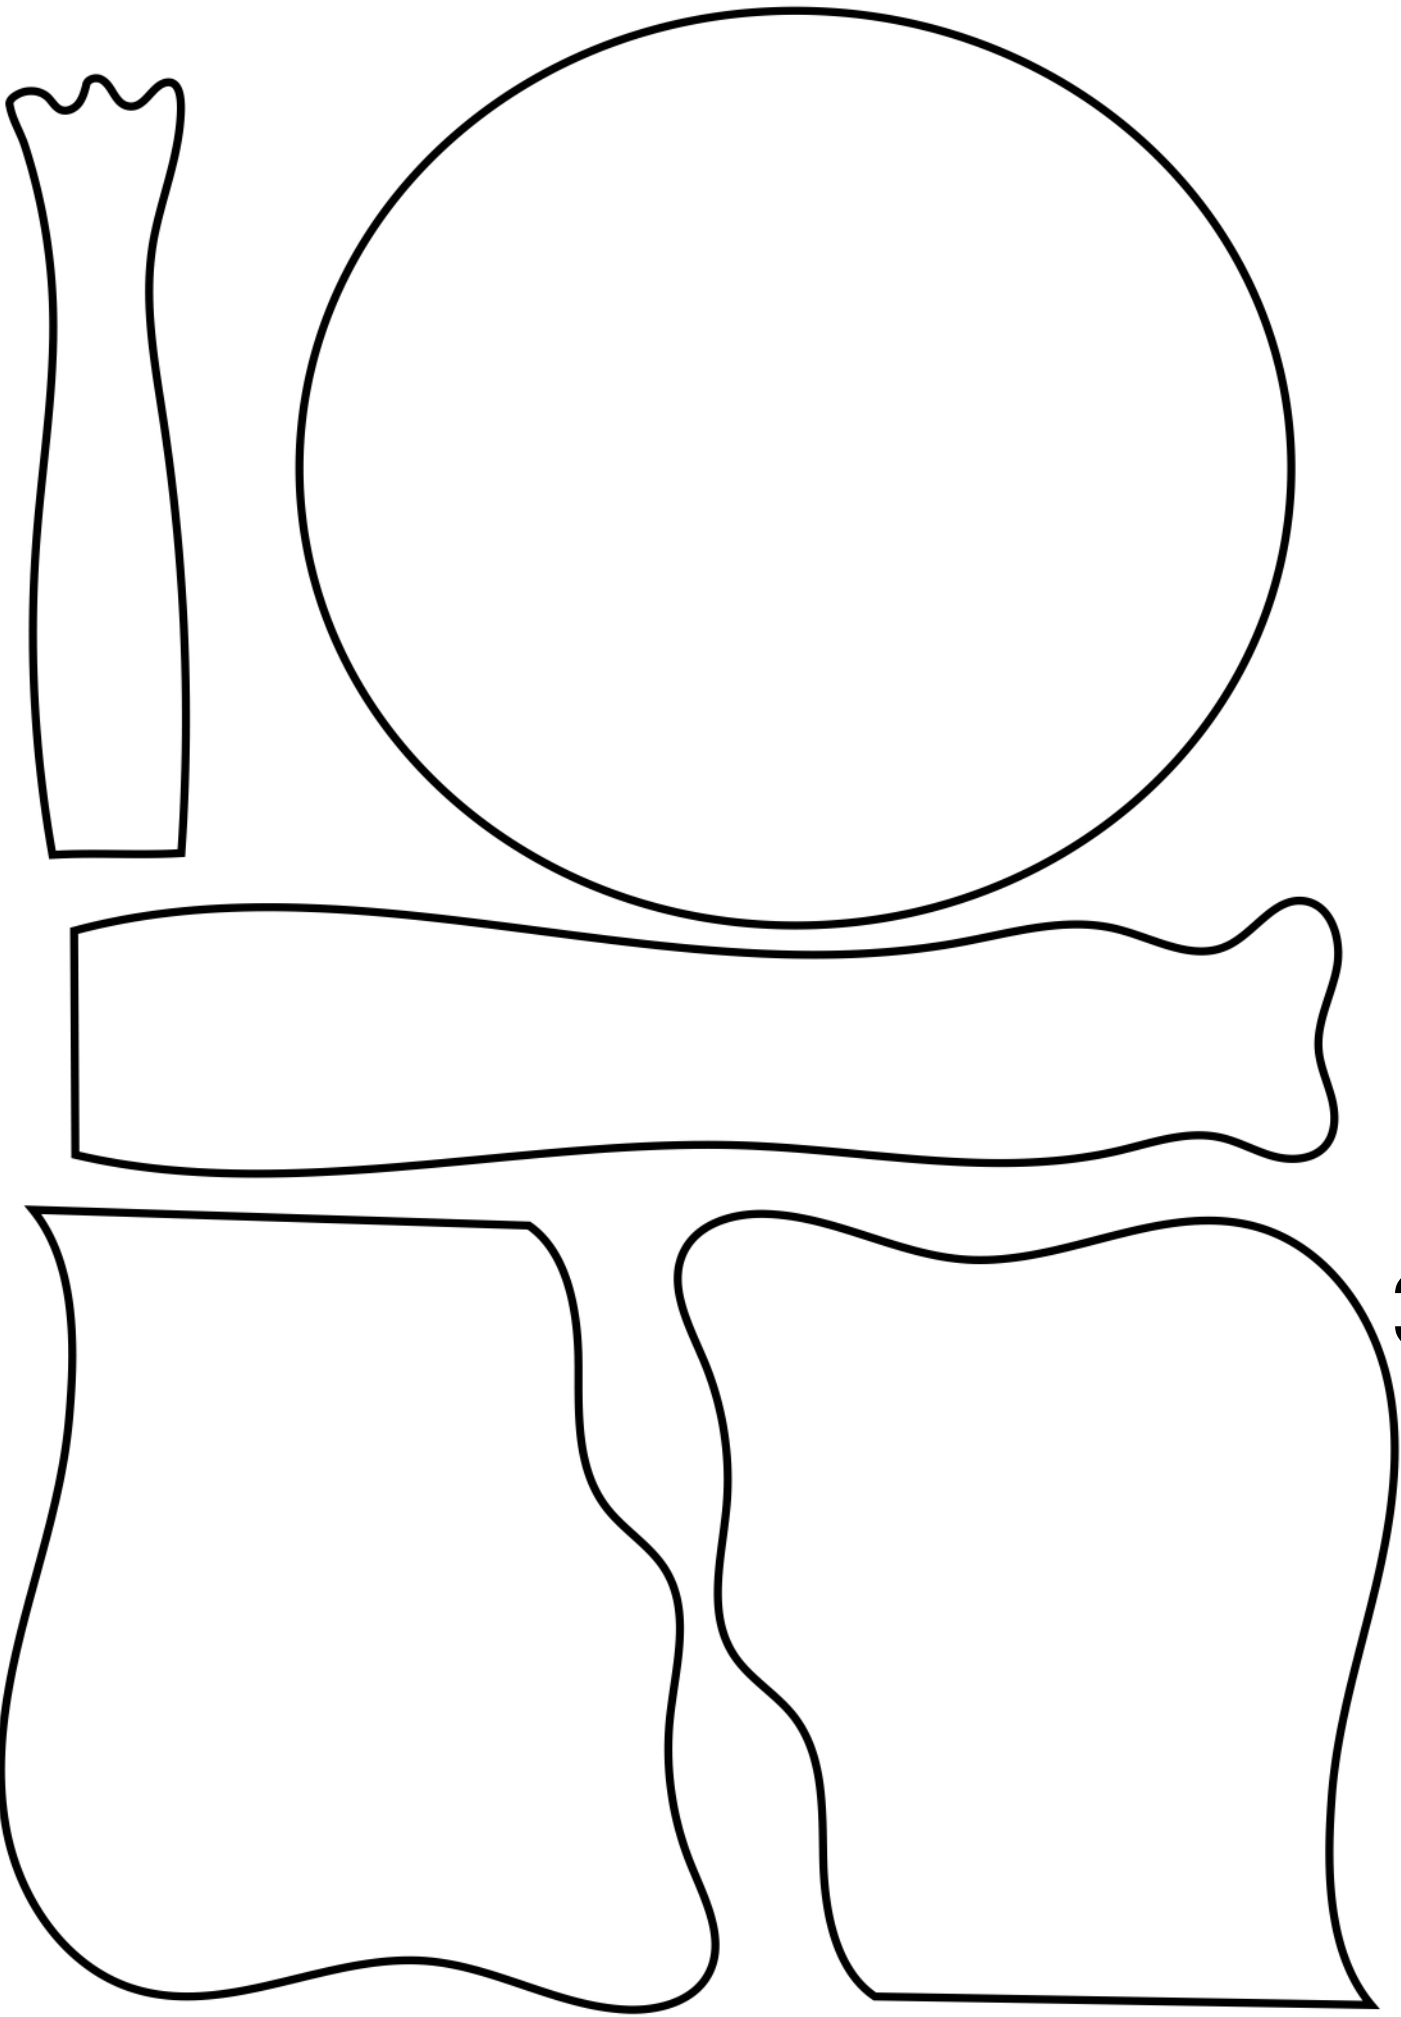

- Choose a set of eyes from the printable sheet and cut them out.
- Glue the eyes in place
- OR...attach googly eyes instead
- Use your markers to add some details to the elephant

Step 4: Put It Together

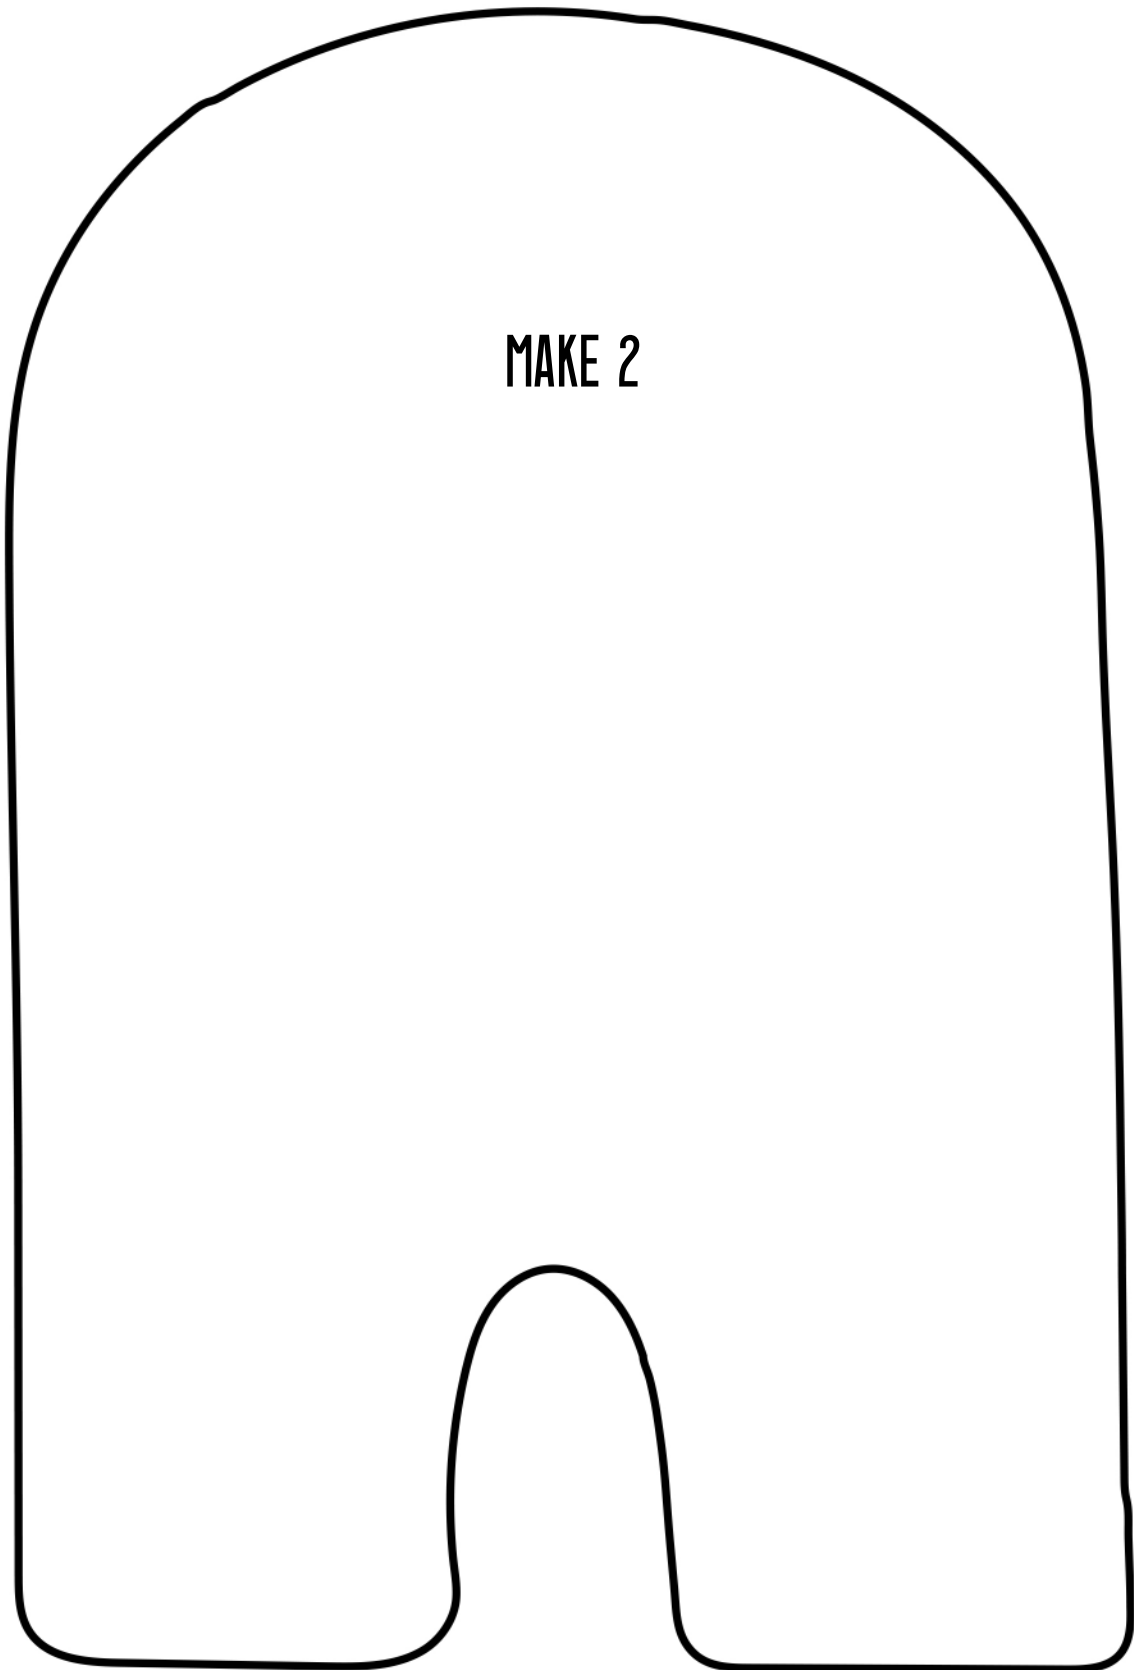

- Put glue on the very top one inch of the back of your elephant craft
- Fold the back out slightly once the glue has set so that the elephant is a sort of 'A' frame
- Use a pencil or marker to curl the tail, trunk and ears
